

## SALZBURG

## Artificial grass 20 mm

20 mm grass, easy to install, very natural thanks to its different green colors that are combined with the curly brown fiber wich is located on the base It is soft and comfortable.

## **Benefits**

Decorative articial grass. Anti-UV treatment to keep the green colour unchanged. Perforated base for good drainage. Very natural finish thanks to the different yarn colours (3 in green and one in Brown). Perfect moisture evaporation. Shock absorbent and antiskid surface.
