

SALZBURG

Artificial grass 20 mm

20 mm grass, easy to install, very natural thanks to its different green colors that are combined with the curly brown fiber which is located on the base. It is soft and comfortable.

Benefits

Decorative artificial grass. Anti-UV treatment to keep the green colour unchanged. Perforated base for good drainage. Very natural finish thanks to the different yarn colours (3 in green and one in Brown). Perfect moisture evaporation. Shock absorbent and antiskid surface.
