

TRELLIWOOD COLOR

Stained wood trellis

Matching the colour of the trellis, the plant, its pot ... is now possible!
Moreover, an FSC wood product, from well managed forests.

Benefits

Extendable trellis to secure to a wall to decorate or support plants. New colours are appearing: white, grey, blue, anise, adding brighter colours to the garden.

Characteristics

Of Cunninghamia Lanceolata, FSC-certified wooden slats. Available in 2 sizes: 0.50x1.50 m and 1x2 m.
