

VERTICAL JASMIN

A decorative green wall with jasmine flowers

Turn your home green without the hassle! Try Nortene's new and exclusive collection. Whether it's your bathroom or terrace, the Vertical products excel. As they can be cut to size, they are suitable for small places, too. The decorative wall is maintenance-free and offers a natural look, conveniently.

Benefits

Natural-looking synthetic leaves affixed to a net-like grid. Easy to install. The units are connected with special clamps. They constitute a cohesive surface that may comprise separate decorative elements.

Characteristics

Poly-ethylene material that resists sunlight, UV radiation, and weather. Can be cut to size and used indoors or outdoors.
