

NORTENE®

VERTICAL COSTA

Green wall with mixed leaves and zigzag pattern

Revamp effectively an outdoor space, decorate an indoor space and bring an ever-green plant atmosphere.

Benefits

A very natural look thanks to this decorative panel made of synthetic foliage, backed by a semi-rigid mesh plastic mesh. EXCLUSIVE Nortene pattern, combining 5 different types of European plants, with zigzag patterns, imitating natural vertical gardens made by professional gardeners. Easy to install, very resistant. Suitable for indoor or outdoor use (UV resistant).

Characteristics

Material 100% polyethylene Grid support 1.9mm thick, can be unclipped in 25x25 cm section Panel size: 1x1m Weight: 3kg Resistant, UV treated.
